## STATEMENT OF CERTIFICATION FOR RESIDENTIAL HOMEOWNERS

Solar Blaster Corporation certifies that the products listed below are "solar electric property" (as defined by IRS Notice 2009-41 under the section "Credit for Residential Energy Efficient Property," as prescribed in the American Recovery and Reinvestment Act of 2009) and qualify for the federal 30% tax credit incentives. Under the provisions of this act, homeowners are eligible to receive a 30% federal tax credit on their qualified photovoltaic equipment, as well as any installation costs incurred. There is no cap on the amount which may be claimed through the tax credit.

SOLAR BLASTER CORPORATION PRODUCTS

Per federal requirements, the above listed products must have been installed on either an existing home or new construction residential home per manufacturer's installation instructions and must meet all applicable local fire and electrical code requirements. Products installed on rental properties do not qualify for tax credits. Taxpayers must retain a copy of this certification statement for their records, but are not required to submit a copy with their federal tax return. This certification is valid for Solar Blaster products placed in service on January 1, 2009 thru December 31, 2021.

**Disclaimer** This Statement of Certification was prepared on January 17, 2017 in accordance to the qualifications for tax credits as the law states on this date. Solar Blaster Corporation cannot guarantee the products eligibility if the current requirements or laws change after January 17, 2017. The information contained herein is believed to be accurate as of the time of preparation. However, Solar Blaster Corporation makes no warranty concerning the accuracy of this information. Solar Blaster Corporation is not a tax advisor. Taxpayers claiming a tax credit should consult a tax professional with any questions. Solar Blaster Corporation is not responsible or liable for the taxpayer's ability to receive tax credits. This document is not intended to constitute legal or tax advice. More comprehensive information is available by the IRS.

The user maintains the complete responsibility to comply with all codes, laws and regulations applicable to the safe and proper use, handling and installation of the product and should consult with a professional for all construction and design-related questions.
